

Winter workshops

Especially for the winter term and holidays, why not try our seasonal workshops. Choose from the themes below and we will keep the children entertained for an hour. Workshops are charged at £80 an hour and include all resources. Book 3 or more with us and get each session for £70. Please book early to avoid disappointment.

Winter wonderland – a magical snowy journey starting with the story of the snowman. Children have fun with sparkles and pretend snow, making snowmen, skating in the park, and playing with snowballs.

The Night before Christmas – bringing the story to life with the children’s imagination, a chance to pretend to be Santa and a reindeer. See the children’s eyes light up as they pretend to open presents. A magical must.

The Christmas fairy – some children are wary of Father Christmas but everyone loves a Fairy! See the Christmas Fairy, from the top of the Christmas tree, come to life and play with the children before returning to the top of the tree ready for Christmas.

All workshops include a variety of equipment and the traditional songs for Christmas.

Please contact Nicola on 01362 690438 to book your workshops.
